FUSANG EXCHANGE'S RECOGNITION BY BVI FINANCES COMMISSION

It is with great pleasure that we share the news that our affiliated company, Fusang Exchange, Asia's only fully regulated end-to-end digital securities exchange, has been admitted to the list of recognized exchanges by the British Virgin Islands Financial Service Commission (BVI FSC).

This recognition is a significant milestone for the Exchange, as Fusang will join other leading global exchanges such as the London Stock Exchange, the New York Stock Exchange and the Tokyo Stock Exchange, all of which are already on the list.

As a BVI recognised exchange, BVI registered companies looking to list on Fusang will benefit from a pre-screening process vis-a-vis anti-money laundering and counter terrorism provisions. This will in turn, lead to a reduced time to market facilitated by the "safe harbour" clauses accorded by BVI FSC's recognition.

And to further ease the listing process, Fusang Exchange offers potential issuers end-to-end digital asset tokenisation and listing services, be it for its main board or private markets, from the point of company incorporation (via Portcullis) to the management of register of shareholders.
